

INSPIRE FITNESS FT1 FUNCTIONAL TRAINER

The [Inspire Fitness](#) FT1 Functional Trainer offers users complete freedom of movement in any direction while they perform weight-resistance exercises, the Inspire FT1 functional trainer is ideal for athletes interested in sport-specific exercise movements or casual users looking to strengthen their overall bodies and lose weight. The FT1 which is built around a high/low pulley system that adjusts to more than 30 height positions includes a variety of bar and handle accessories to help you work your biceps, back, chest, triceps, shoulders, abs, legs, and more. The FT1 also offers a dual weight stack that allows you to work each side of the body independently.

Please note, the FT1 is currently available for preorder only with expected delivery for late September.
