

LIFE FITNESS IC7 INDOOR CYCLE

The Life Fitness IC7's pioneering design and functionality are largely thanks to Indoor Cycling's innovative two-stage drivetrain. The physical next-generation look of the bike was designed to empower its users, but technically the bike also boasts the market's most accurate (+/-1%) direct WattRate Power meter. Its 100-level precision magnetic resistance and patent-pending Coach By Color training console add to its pizzazz.

LIMITED STOCK - AVAILABLE FOR UK DELIVERY
