

TECHNOGYM ARTIS BIKE

ARTIS® Bike replicates the sensation of riding a real road bike. The biomechanics and ergonomic design offer a variety of positions to improve rider comfort and simulate outdoor performance.

The seamless design of ARTIS® will enhance the style of a premium wellness environment and encourage users to move naturally, inspired by its non-intimidating, frameless geometry. The position and inclination of the display is scientifically certified to ensure optimum user ergonomics. Equipment is available with energy harvesting technology in which human energy is fed directly into the building's grid to help power the gym.
