

## TECHNOGYM ARTIS TREADMILL

The Technogym ARTIS Treadmill is state-of-the-art in treadmill technology combining running ergonomics with LIVE,, the innovative digital interface ensuring a personalised training experience and cutting-edge connectivity.

The seamless design of ARTIS will enhance the style of a premium wellness environment and encourage users to move naturally, inspired by its non-intimidating, frameless geometry. The position and inclination of the display is scientifically certified to ensure optimum user ergonomics. Equipment is available with energy harvesting technology in which human energy is fed directly into the building's grid to help power the gym.
